KENTUCKY KERNELS

Carefully Collated and Concisely Chronicled.

State Fire Marshal Mott Ayres wants a special grand jury impaneled in Hopkinsville to ferret out the recent mob of night riders.

Thomas Harvey, an I. C. brakeman, was fatally shot at Fulton last week as the result of a difficulty with the flagman of the train.

Suit for \$30,000 damages has been filed in Laurel Circuit court by the widow of James Sparks against Robt. Boyd, Jr., for killing her husband a short time since.

Landon Taylor, a painter at the Feeble Minded Institute at Frankfort, last Friday fell from a ladder and down a flight of stairs, splitting his scalp from ear to ear. His condition is serious.

Governor Willson has ordered Adjutant General P. P. Johnston to use every endeavor to bring the night riders to justice, even though it requires all the militia in the state. Gen. Johnston is now in Hopkinsville making investigations.

Mrs. John Berry, aged 23 years, was burned to death last Friday at her home near Louisa. Her dress caught fire as she was standing before an open fireplace. Her sister was severely burned as she was trying to extinguish the flames.

A young man giving his name as Jas. Combs, but who is believed to be Benjamin Couch, this name appearing on the flyleaf of a bible he had in his possession, was arrested in Frankfort, Saturday, charged with stealing a horse from Charles Tomlinson of that city. He says his home is in Hazard.

Bruce Keddings, aged 80 years, the oldest settler of Fulton and widely known throughout Western Kentucky, committed suicide last week by shooting himself. He had been talking with his family about his ill luck financial matters, and after going to his room laid down on a couch and placing a revolver in his mouth scattered his brains over the floor.

The coroner's jury which investigated the death of George Gray, whose body was borne to his home by masked men the night of the recent night riders raid into Hopkinsville, returned the following verdict: "We, the jury, find the body before us that of George Gray, and that he came to his death by an assassin unknown to us." (Signed) John F. Guire, foreman.

Farmers in Oldham county are complaining of the persistency of hunters trespassing on their land. It is claimed that hunters from Louisville ignore the "Posted Land" signs, and in some instances tear them down. Chickens, turkeys, ducks and geese are killed without hesitancy, and some stock has been crippled. Game in the county has been practically exterminated.

Policeman Charles Hord, of Hopkinsville, was shot in the spine and probably fatally wounded by Will Winfree, a lawyer, last Friday. The policeman had arrested Winfree and two companions for drunkenness and took them to the station house in a patrol wagon. Winfree became incensed at the treatment, and after being released met Hord on the street and fired three shots at him, only one bullet taking effect.

A Real Wonderland.

South Dakota, with its rich silver mines, bonanza farms, wide ranges and strange natural formations, is a veritable wonderland. At Mount City, in the home of Mrs. E. D. Clapp, a wonderful case of healing has lately occurred. Her son seemed near death with lung and throat trouble. "Exhausting coughing spells occurred every five minutes," writes Mrs. Clapp, "when I began giving Dr. King's New Discovery, the great medicine, that saved his life and completely cured him." Guaranteed for coughs and colds, throat and lung troubles, by all leading dealers. 50c and \$1.00. Trial bottle free.

Logan Hammon Better.

Logan Hammon, who accidentally shot himself at Lee City, in Wolfe county, on Nov. 5, and who has been at the Good Samaritan Hospital in this city since that time, was reported to be much better Monday. His life had been despaired of for some time past and it was thought that gangrene had set in but this was not the case.

Hammon, on November 5, took his cousin, Calloway Sebastian, who had been shot in an election fight, to the train, to be brought to the Good Samaritan Hospital for treatment. While Hammon was returning home he dropped his pistol and the bullet entered his body. He has since been in the hospital here.—Lexington Gazette, Dec. 16.

Badly Mixed Up.

Abraham Brown, of Winterton, N.Y., had a very remarkable experience; he says: "Doctors got badly mixed up over me; one said heart disease; two said kidney trouble; the fourth, blood poison, and the fifth stomach and liver trouble; so my wife advised trying Electric Bitters, which are restoring me to health. One bottle did me more good than all the five doctors prescribed." Guaranteed to cure blood poison, weakness and all stomach, liver and kidney complaints, by all leading dealers. 50c.

Calloway Sebastian Improving.

Our Man About Town met with Jim Henry Sebastian, of Daysboro, Tuesday morning and learned from him that his son, Calloway Sebastian, who is at the Good Samaritan Hospital in Lexington, is doing nicely under the treatment of Dr. Waller Overton Bullock, a school mate of the editor in ante bellum days—aye, nearly a half century ago. Dr. Bullock told Jim Henry that Calloway's case has been a record breaker, and thinks he will pull through. At that date Calloway had safely passed the crucial 27 days, and Dr. Bullock said when he shall have passed the 36th that all danger is practically over.

Why Suffer?

If you suffer pain from any cause, Dr. Miles' Anti-Pain Pills will relieve it—and leave no bad after-effects. That's the important thing. Neither do they create a habit. More often the attacks become less frequent, or disappear altogether. Dr. Miles' Anti-Pain Pills have no other effect except to relieve pain and quiet nervous irritation.

"We are never without Dr. Miles' Anti-Pain Pills. My husband and son, aged 15, were always subject to sick headache until we began using these Pills, and they have broken them up entirely. Don't think they have had to use them for six months. I recommend them to every one. A few weeks ago I heard an old lady friend was sick. I went to see her. She was down with LaGrippe, and nearly crazy with awful headache. I gave her one of the Anti-Pain Pills and left another for her to take in a short time. They helped her right away, and she says she will never be without them again. Last winter my husband was taken with pleurisy on both sides, and I know he would have died if it hadn't been for the Pills. In less than half an hour he was sweating, and went to bed and slept."

Where Kentucky Stands Educationally.

State pride is a good thing. We hope that Kentucky will never have less of it. But we also hope the reasons for State pride may be greatly increased in the coming years. And we believe that at present our State pride would be more wholesome if we confined it to those subjects which afford a reasonable foundation. We have recently heard in Central Kentucky a number of speeches and papers on educational conditions in the State. Some of these were pretty sombre, and others had that familiar ring of complacency that has become almost characteristic of the Kentuckian when he speaks of his own state and his own people.

The Herald wants to be able to speak with complacency of Kentucky's educational advance in the near future, and to that end, we believe that it is salutary that we should know definitely and think much of Kentucky's present educational standing as compared with that of the rest of the union. In a bulletin issued some time since by the United States Bureau of Education, tables were given showing the rank of each state in per centage of illiteracy of the population 10 years of age and over. This is considered a fair way of estimating popular illiteracy, because it has been found generally true that a person reaching 10 years of age without learning to read or write does not thereafter learn to read and write. Ranked by her foreign white population, which is of course a very small fraction of her whole population, Kentucky stands in this list of fifty states and territories twenty-eighth from the top. Ranked by her colored population she stands thirty-first. Ranked by her whole population, including colored, foreign white and native white, she stands forty-second. Ranked by her native white population alone, she stands forty-third. In other words, when she is deprived of the help given by the colored population and by the foreign white, she stands eighth from the bottom of the list of fifty states and territories. Georgia, with her Georgia Crackers, stands above her; Arizona and Oklahoma stand above her; Mississippi and Florida stand above her.

Can the native white Kentuckian, in whose veins, as we so often boast, runs the purest Anglo-Saxon blood in this country, take much credit to himself when he contemplates these figures? Is not deep humility and a determination to mend matters the proper state of mind for the native white Kentuckian when he talks of educational conditions in Kentucky?—M. McD. BRECKENRIDGE. Annual bargain offer by the leading morning paper in Central Kentucky.

During the past year of several years past the management of the Lexington Herald has made a special bargain of \$5 per year for paid in advance subscription for the year 1908. The offer of \$5 per year is only for the first fifteen days of January, after that the regular rates will apply. Hand your subscription to local agents or send directly to the Lexington Herald, Circulation Department.

Stops Hair Falling

Ayer's Hair Vigor, new improved formula, will certainly stop falling of the hair. Indeed, we believe it will always do this unless there is some disturbance of the general health. Then, a constitutional medicine may be necessary. Consult your physician about this.

Does not change the color of the hair.

Formula with each bottle. Show it to your doctor. Ask him about it, then do as he says.

The reason why Ayer's Hair Vigor stops falling hair is because it first destroys the germs which cause this trouble. After this is done, nature soon brings about a full recovery, restoring the hair and scalp to a perfectly healthy condition.

Curtis Pieratt and family will this week move into the old Uncle Pres Trimble homestead here in town. Maybe have moved.

Mrs. Nannie Craven left Monday for Mt. Sterling, where she will be the guest of her cousin, Miss Ella Trimble, for an indefinite period.

Harry Thompson, of Jackson, is a guest of the Day House, and is thinking of again locating in our town, of which he was a citizen a decade ago.

Elder D. G. Combs held a meeting at Flat Woods, in Morgan last week and aroused the enthusiasm of the members so that they have promised to build a new house of worship.

Daniel Murphy, the son of J. Miles Murphy, of Bedford, Iowa, whose illness was last week mentioned, died about a week ago, according to a letter received by Mr. and Mrs. W. T. Caskey.

Predicament of a Paralytic.

Old Uncle Wilburn Long, an itinerant preacher, of the Grassy Creek neighborhood, had a narrow escape from drowning a few days ago. The old gentleman is a partial paralytic, and while trying to avoid a mudhole near Doc Stamper's, on the Greer branch of Grassy, he stubbed his toe and fell headforemost into the hole, which was about three feet deep in mud and water. He floundered around for awhile and fortunately extricated himself, but was half-frozen and nearly drowned. Our informant, Mort Wilson, says that Rob Price discovered the old man's predicament and took him to a nearby mill, where he was soon washed up and warmed or he possibly might have perished from the chilled condition he was in.

Until January 1, 1908, we will receive renewals and new subscribers at 75¢ for twelve months, but from that date the price will be \$1.00 a year. Paper is so high we are forced to raise the price, and **ALL WHO ARE BEHIND** on subscriptions **MUST PAY UP** or they will have to settle with the newspaper collecting agency, which is in no wise meanly-mouthed about dunning.

Curtis B. Rose, middleman and general manager of the firm of John M. Rose & Sons of this place, for a year or so past, left Monday for Huntington, W. Va., where he will, the first of the year, go on the road for Biggs, Watts & Co., wholesale dry goods and notion dealers, of that place. Curtis Rose is a young man of exceptional qualifications as a business man, being enterprising, painstaking and accommodating, and if he does not add materially to the business of the firm with which he has engaged, we will have missed our guess.

Byrd McNabb, son of O. W. McNabb, of the Chapel branch, has a case of double pneumonia, and is confined to his bed in consequence. Double pneumonia is explained as involving both lungs, and is therefore dangerous. Byrd is a fine young man, universally liked, and all who know him hope he will soon pull through and be himself again.

Elkins-Center.

Married, at the residence of the bride's parents, Judge G. T. Center and wife, on Stillwater, on Wednesday, Dec. 18, Sam J. Elkins, of Campton, and Miss Millie Center. The groom is one among the best young men in the county, both in a social and business sense. He was for a time connected with the Farmers and Traders Bank, of Campton, where he has acted as cashier, and has besides held several positions of trust. The bride is said to be one of the prettiest girls in the county, of lovable disposition, and is highly esteemed for her social qualities. THE HERALD therefore opines that the union of two souls with but a single thought and two hearts that beat as one will be an event of perpetual pleasure and prosperity. Clay Cecil and Miss Nancy Sample, of this place, attended the nuptials, and the latter brought the editor a piece of the bride's cake to dream on.

TAX CONFERENCE

Students of National Fame Will Discuss Taxation at Columbus.

In response to a call in August by Governor Harris of Ohio, there will be held in Columbus, Ohio, November 12, a national conference of the National Tax association. Delegates have been appointed to this meeting by the governors of all the states, and it will, in addition, be attended by many tax experts from all over the country. The discussions will take a wide range, covering every phase of the question of taxation.

Such a gathering as that which is to be held in Columbus will result in disseminating a great deal of information on the subject of methods of taxation and is bound to stimulate still further the interest in this reform. Governor Beckham has appointed three gentlemen to represent the state of Kentucky. It is very much to be hoped that they will attend, as Kentucky has as great an interest as any other state in this question and very much greater interest than some other states that have made more progress than we have toward a better tax system.

The Proposed Reforms.

The purpose of the conferences are thus announced:

To secure an authoritative and an exhaustive discussion of the subject of state and local taxation in all of its details.

To produce a volume of proceedings containing the best thought of those who, by reason of their special educational training and practical experience, are qualified to speak with authority upon the special branch of the subject they may elect to discuss.

To furnish to the members of the legislatures of the several states a concrete, up-to-date statement of the economic and business principles that should be applied in state and local tax legislation, to be used as a guide for their action when considering proposals to improve the tax laws of their respective states and in the administration of the same.

By this means to secure the application of correct economic and business principles in all tax legislation, and thus develop a high degree of uniformity in the tax laws of the several states.

By securing uniformity in state tax laws, to eliminate the evil of changes in legal residence and in the location of business undertakings induced by differences in state tax laws, and to create conditions of high value in aid of the effective and economical management of the financial affairs of all state and local governments.

The following partial list of papers and their authors shows that the discussions at this conference of the many branches of the subject of state and local taxation will command the attention of the intelligent public throughout the country:

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries. It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Don't make any mistake, but remember the name, Swamp-Root. Dr. Kilmer's Swamp-Root and the address, Binghamton, N. Y., on every bottle.

GET RICH QUICK.

Schemes of this class have again come to grief along with the gullible investors, causing serious loss to innocent business concerns, as is always the case of panics in Wall St.

While this last lesson is yet fresh in mind, it is an opportune moment to consider causes and means to avoid like trouble in the future.

Direct your attention to the greatest of all Newspapers the Cincinnati Enquirer. From its columns you can readily detect the trend of currency, its leading places, by whom handled, uses made of it, and results.

Most Current News, from all the world's news, is brought to you in a single copy, and is a most valuable paper to keep on hand, and a most reliable source of information.

Its extra size and high price, is the secret of its ability to discover, state, print and save the nation with all the news, and cater to the wants of people in every calling of life.

The Weekly Enquirer for the year 1908 has greatly increased its Clubbing offers which include the most select and popular publications of the day at prices slightly over half the regular subscription rates.

Do not overlook the fact that the year 1908 promises to excel in prosperity any of the past, and that the Enquirer printed at Cincinnati, Ohio, is one of the most reliable sources of information.

Women's troubles throw a cloud over their lives, which neglect may cause to become permanent. ONE DOLLAR BUYS "The Mountain People of Kentucky."

This popular book, which is now in its fourth edition, will for a limited time be sold for \$1.00 the copy, postage prepaid to any point in the country. Press and people are loud in praise of it, and patriotism prompts many to buy it. Why not you? You will want it for your children.

No better testimony to the worth and success of that most admirable work done for the Kentucky mountaineers may be found than this book by Wm. H. Haney a mountain boy. Mr. Haney is 23 years old, he was born in Morgan County and is an excellent example of self reliance typical of his sturdy race. He has conquered difficulties of poverty and other hampering circumstances, defraying the expense of his own education by the work of his hands while he was at Hazel Green Academy, Berea and Kentucky State College. Meantime he has purchased a home for his father and mother, has written this book—and again it may be repeated that he is only in his twenty-fourth year.

Two purposes seem to animate the pages of this book: To describe mountain life as it actually is; and to correct the wrong impressions of it others have striven to foist on the public. Mr. Haney gives an historical sketch of the mountain people, attributing to inherited traits and the Kentucky environment the characteristics that "distinguished them." Social conditions, Feuds, Industries, Education, Politics, Religion and the "Outlook," successfully afford Mr. Haney subjects for interesting discussion. He has known mountain life in its earlier conditions as well as in recent years when conditions have been somewhat improved, great as is still the need for more improvement and for earnest help from the outside world beyond the mountains. Though, indeed, one of the wisest things Mr. Haney says is that it is not only help from beyond the mountains that is needed. As he suggests, that if the mountain people who have had the benefit of education will give some of their lives to those of their blood whom they understand better than alien teachers could do, this will be a decided gain for the mountain communities.

Mr. Haney writes in a direct style, in good English that reflects credit both on his own industry and his teachers. He is intelligent, sympathetic, optimistic and loyal in his considerations of the mountain people. He recognizes the need for industrial improvements, the teaching of scientific farming and other immediate needs as well as the higher needs of these people who offer such a splendid challenge to the worker in sociology, education and religion.—Courier-Journal.
